Catarrh Cannot Be Cured

eagles. He took them on the mountain side while they were young and, according to the London Field, kept them a couple of years in captivity. As their craving for liberty, bowever. grew stronger and stronger he at last let them loose, but they have settled down in the neighborhood of his home. and when he ascends the height which has become their favorite resort with fish or a newly shot seagull they quickly discover him from afar and come majestically sailing through the air, settling down beside him. Their meal over, they willingly allow him to pet and stroke them before they again make for the rocky islets, but they will not allow a stranger to approach
